**KU at Work: Marshall County**

Highlighting the services and support that KU provides Marshall County

---

**Educating Leaders**

**Students**

KU has 43 students from Marshall County: 25 undergraduate, 8 graduate, and 10 at the KU Medical Center.

These students have support in the form of grants, scholarships, and fellowships. As of the fall census, $128,625 in federal, state, institutional, and outside/private grants, scholarships, and fellowships have been awarded on all campuses to 18 Marshall County students for FY 2015.

KU has 179 alumni from Marshall County.

**Building Healthy Communities**

**Business**

KU has a partnership with one business in Marshall County for continuing education services.

**Public Safety**

KU provides public safety training to the state for law enforcement, fire and rescue response. In FY 2014, 27 law enforcement officers and 78 fire and rescue officials from Marshall County were trained at KU.

**Healthcare – KU Medical Center**

**Enhancing Student Education**

- 2 Marshall County physicians serve as volunteer KU Medical Center faculty, providing medical students with hands-on training in rural communities as part of the [Rural Preceptorship Program](#).
- Medical students spent six weeks working with primary care physicians and conducting a community-based research project in 26 counties, including Marshall County, as part of KU Medical Center’s summer 2014 [Rural Primary Care Practice and Research Program](#), one of several programs designed to encourage students to consider practicing medicine in a rural Kansas community.

**Strengthening the Health Care Workforce**

- 19 KU Medical Center graduates live and/or practice in Marshall County.
• 3 Marshall County physicians received funding through the Kansas Bridging Plan, a loan-forgiveness program offered to primary care medical residents who agree to practice in rural Kansas.

• 2 health care professionals from Marshall County participated in KU Medical Center continuing education courses and conferences in Fiscal Year 2014.

**Advancing Health Care Access**

• Marshall County residents saw KU Medical Center health care providers 6 times via telemedicine in FY14. An interactive video technology that connects providers and patients when distance separates the two, telemedicine services are provided through the University of Kansas Center for Telemedicine and Telehealth.

• Marshall County residents made 3 visits to KU Medical Center health care providers in outreach clinics held outside of Kansas City in FY14.
