Strengthening the Health Care Workforce

6 KU Medical Center graduates live and/or practice in Rawlins County.

“Graduates of health programs at the University of Kansas are critical to the well-being of all Kansans, in every corner of the state. Half of all Kansas physicians trained at KU. The majority of pharmacists and other allied health professionals are KU graduates. Thousands of Kansans every day are cared for by KU-trained nurses, whether Kansas City graduates or the two-year degree programs supported by the KU School of Nursing. It’s hard to imagine Kansas without KU.”
